Connect Atlanta Plan
Technical Corrections Process

Overview

The ***Connect Atlanta Plan*** - The City of Atlanta first comprehensive transportation plan sets the vision and framework for major public investments in transportation improvements over the next 25 years. This plan seeks to meet the demands of population growth and continue to promote Atlanta as an attractive place for area residents and visitors to work, shop, and play, balancing the transportation system among all of its travel modes.

The Office of Planning is preparing to complete a technical revision as a result of the city's recent transportation planning work efforts including the development of the project list for the Regional Transportation Referendum work efforts. The goal is to ensure the current plan document provides the accurate project information and ensures project recommendations from recently adopted Livable Centers Initiatives and sub-area plans are included for use as funding is available to implement those projects.

Goals of the *Connect Atlanta Plan*

Project submissions must meet the following goals

- Provide Balanced Transportation Choices
- Promote Public Health and Safety
- Prepare for Growth
- Maintain Fiscal Sustainability
- Strive for Environmental Sustainability
- Preserve Neighborhoods
- Create Desirable Places for All

Project submissions **MUST** originate from adopted planning studies between December 2008 and February 2012:

- Moreland Avenue South LCI Study (2008)
- Cleveland Avenue Corridor Study (2009)
- Edgewood Redevelopment Plan (2009)
- Imagine Downtown Encore Plan (2009)
- Vine City-Washington Park LCI Study (2009)
- Chosewood Park Redevelopment Plan (2010)
- Hollowell Pkwy-Veterans Memorial Hwy LCI Study (2010)
- Poncey-Highland Neighborhood Master Plan (2010)
- Urban Redevelopment Plan (2010)
- NPU G Neighborhood Plan (2011)
- Westview Master Plan (2011)
- BeltLine sub-area plans
- Atlanta Regional Commission's (ARC) PLAN 2040
- ARC's Concept 3 plan
- ARC's Atlanta Regional Freight Mobility Plan and ASTRO MAP
