### **Some of Our Participating Community Partners:**

**Mayor's Office of  
Sustainability**

**Atlanta Bicycle Coalition**

**Atlanta Police Department Bike  
Patrol**

**Georgia Institute of Technology**

**Atlanta Regional Commission**

**Bikes Belong**

**BATMA**

### **Learn Tips for Bicycle Commuting**

Biking to work, school or just around the city can be a practical way to increase your fitness level.

Biking also has other benefits such as helping you save money, conserve energy, protecting the environment, and getting more involved in your community!

The City of Atlanta's Department of Planning & Community Development is hosting its premiere bicycle awareness and education event and you're invited!

Attend and learn about the services, agencies and future projects to improve bicycle commuting facilities in the City of Atlanta's Connect Atlanta Plan.

We can also help you make plans to become an occasional or avid bike commuter.
