

A few 911 Center Facts

- The City of Atlanta 911 Center averages 100,000 calls per month;
- The average time to pick up these calls is about 12 seconds
- The entire City-wide communication system, including a state of the art 911 center has been upgraded
- We have a sufficient number of funded positions for 911 call operators to allow us to operate the system effectively;
- And we proposed a budget for FY10 that will allow us to increase the manpower at the 911 Center
