- **Procurement** – Jill Watkins, DOP
- **Contract Compliance** – Larry Scott, OCC
- **Meet and Greet**
Welcome and Purpose of this Meeting

- Provide an overview of the City’s approach to solicit proposals from qualified proponents to procure a JV to manage the waste collected by the City:
  - Residential Solid Waste
  - Yard Trimmings
  - Recyclables
  - Water and Wastewater Residuals, and
  - Other wastes (Dead Animals, Street Sweeping Debris, Asbestos, Tires, and Construction & Demolition Debris)

- Meeting is informational, discussion today is non-binding

- Items discussed today may change
City of Atlanta Project Goals

- Consolidate the number of contracts and service providers
- Increase waste diversion for continued progress
- Manage future costs through a longer-term, higher-volume contract
- New infrastructure investment by partnering with the private sector
- Balance diversion, contracted cost, and cost of City trucks traveling to facilities
DPW provides weekly Residential Solid Waste collection to approximately 96,000 single-family units, 7,000 multi-family units, and roll-off collections for community events.

The City provides weekly curbside collection of Recyclable Materials to its single family residential customers. In 2016, more than 15,000 tons of residential solid waste were recycled.

Bulky Items are collected monthly by dedicated Bulky Items crews.

Separate collection of Yard Trimings is provided weekly to all residential units.
Project Goals: City Programs - Department of Watershed Management (DWM)

- DWM operates the Drinking Water System, Wastewater System and various other facilities in the metropolitan area.
- Identify Contractors capable of providing dewatering, hauling and disposal services for the Water Treatment Plants, Water Reclamation Centers, Water Quality Control Facilities, and Combined Sewer Control Facilities.
- Additionally, place contracts with Contractors for quick response in providing services on an as-needed basis.

Project Overview: Waste Management Service Opportunity

- Waste streams currently controlled by the City
  - Residential Solid Waste, Yard Trimmings, Recyclables, Water and Wastewater Residuals, and Other wastes
  - Commercial waste may be added to the contract in the future

- Proposal procurement with comparative evaluation criteria
- Long-term contract with extensions
- Vendor may propose new facility, to be developed at their cost
- Disposal/processing site(s) to be provided by Vendor
- Proposal to manage all Waste Groups
- Alternate Proposal (provides innovation, flexibility, cost savings and risk reduction) must manage all Waste Groups
Waste Group 1 and 5: Solid Waste Diversion, Beneficial Use and/or Disposal

- Receive and accept solid waste from City at a solid waste receiving facility;
- If the solid waste receiving facility is a transfer station, then the Contractor is to transport the solid waste from the transfer station to the Diversion, Beneficial Use and/or Disposal facility; and
- Divert, beneficially use, or dispose of solid waste at a permitted facility.

Bulky waste drop-off center - Provide and operate a bulky waste drop-off center for use by City residents. Have the facility operational within one year of contract execution.
Project Overview: Scope

- **Waste Group 2: Recyclable Materials Processing**
  - Receive and accept recyclable materials, including residue, from the City;
  - If the recyclable receiving facility is a transfer station, then the Contractor is to transport the recyclable materials from the transfer station to a materials recovery facility; and
  - Process and market recyclable materials accepted from the City.

- **City is currently at 25% waste diversion, City encourages private-sector innovation to increase waste diversion**
  - Contractor will be asked to identify and commit to future diversion rates

- **City is interested in revenue sharing from the sale of recyclables, based on an Indexed Value approach**
Waste Group 3: Yard Trimmings Processing

- Receive and accept vegetative waste from the City at a facility;
- If the receiving facility is a transfer station, then the Contractor is to transport the vegetative waste from the transfer station to the Yard Trimmings processing facility; and
- Process and market Yard Trimmings accepted from the City.
Project Overview: Scope

Waste Group 4: Wastewater and Water Residuals Processing

- Accept and dewater wastewater residuals (biosolids) and water treatment residuals at generating facilities throughout the City;
- Transport the wastewater and water treatment residuals to the processing, utilization or disposal facility;
- Dispose of wastewater and water treatment residuals received from the City at a processing, utilization or disposal facility.
