TYPE IV CERTIFICATE OF APPROPRIATENESS
THREAT TO PUBLIC HEALTH AND SAFETY**

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. Please attach information and reference attachments for the appropriate question.

Threats to public health and safety: To prove the existence of a threat to public health and safety, the applicant must establish, and the commission must find, the following:

- (1) Demonstrate through independent analysis and supporting information that a major and imminent threat to public safety exists.
- (2) Present all reasonable alternatives for rectifying the threat and analysis of all such alternatives.
- (3) Demonstrate that the costs associated with rectifying the threat would create a condition whereby the investments in the project are incapable of earning a reasonable economic return. This finding shall be made by considering, and the applicant shall submit to the commission evidence establishing, each of the following factors:
 - a) The applicant's knowledge of the landmark designation at the time of acquisition, or whether the property was designated subsequent to acquisition.
 - b) The current level of economic return on the property as considered in relation to the following:
 - (1) The amount paid for the property, the date of purchase, and party from whom purchased, including a description of the relationship, if any, between the owner of record or applicant and the person from whom the property was purchased.
 - (2) The annual gross and net income, if any, from the property for the previous three (3) years; itemized operating and maintenance expenses for the previous three (3) years; and depreciation deduction and annual cash flow before and after debt service, if any, during the same period.
 - (3) Remaining balance on any mortgage or other financing secured by the property and annual debt service, if any, during the prior three (3) years.
- (4) Real estate taxes for the previous four (4) years and assessed value of the property according to the two (2) most recent assessed valuations.
- (5) All appraisals obtained within the previous two (2) years by the owner or applicant in connection with the purchase, financing or ownership of the property.
- (6) The fair market value of the property immediately prior to its designation and the fair market value of the property (in its protected status as a designated building or site) at the time the application is filed.
- (7) Form of ownership or operation of the property, whether sole proprietorship, for-profit or not-for-profit corporation, limited partnership, joint venture, or both.
- (8) Any state or federal tax returns on or relating to the property for the past two (2) years.
- (9) That the property if not marketable or able to be sold, considered in relation to any listing of the property for sale or rent, price asked, and offers received, if any, within the previous two (2) years. Including testimony and relevant documents regarding:
 - a) Any real estate broker or firm engaged to sell or lease the property.
 - b) Reasonableness of the price or rent sought by the applicant.
 - c) Any advertisement placed for the sale or rent of the property.
- (10) The infeasibility of alternative uses that can earn a reasonable economic return for the property as considered in relation to the following:
 - a) A report for a licensed engineer or architect with experience in rehabilitation as to the structural soundness of any structures on the property and their suitability for rehabilitation.
 - b) Estimate of the cost of the proposed construction, alteration, demolition, or removal, and an estimate of any additional cost that would be incurred to comply with the recommendation and decision of the commission concerning the appropriateness of the proposed alterations.
 - c) Estimated market value of the property in the current condition; after completion of the proposed construction, alteration, demolition, or removal; and, in the case of a proposed demolition, after renovation of the existing property for continued use.
 - d) In the case of a proposed demolition, the testimony of an architect, developer, real estate consultant, appraiser, or other real estate professional experienced in rehabilitation as to the economic feasibility of rehabilitation or reuse of the existing structure on the property.
 - e) The infeasibility of new construction around, above, or below the existing protected building or site, and the infeasibility of a transfer or development rights, including an assessment of the monetary value that could be derived from such a transfer, pursuant to section 16-28.023 of the Code of Ordinances.
- (11) Economic incentives and/or funding available to the applicant through federal, state, city, or private programs
- (12) Provide photographs of the existing conditions of the building, both exterior and interior.

ADDENDUM -
TYPE IV CERTIFICATE OF APPROPRIATENESS
UNREASONABLE ECONOMIC RETURN

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. Please attach information and reference attachments for the appropriate question.

Unreasonable economic return: To prove the existence of a condition of unreasonable economic return, the applicant must establish, and the commission must find, the following, that the building or site is incapable of earning a reasonable economic return. This finding shall be made by considering, and the applicant shall submit to commission evidence establishing, each of following factors:

- (1) The applicant's knowledge of the landmark designation of the time of acquisition, or whether the property was designated subsequent to acquisition.
- (2) The current level of economic return on the property as considered in relation to the following:
 - a) The amount paid for the property, the date of purchase, and party from whom purchased, including a description of the relationship, if any, between the owner of record or applicant and the person from whom the property was purchased.
 - b) The annual gross and net income, if any, from the property for the previous three (3) years; itemized operating and maintenance expenses for the previous three (3) years; and depreciation deduction and annual cash flow before and after debt service, if any, during the same period.
 - c) Remaining balance on any mortgage or other financing secured by the property and annual debt service, if any, during the prior three (3) years.
 - d) Real estate taxes for the previous four (4) years and assessed value of the property according to the two most recent assessed valuations.
 - e) All appraisals obtained within the previous two (2) years by the owner or applicant in connection with the purchase, financing, or ownership of the property.
 - f) The fair market value of the property immediately prior to its designation and the fair market value of the property (in its protected status as designated building or site) at the time the application is file.
 - g) Form of ownership or operation of the property, whether sole proprietorship, for-profit or not-for-profit corporation, limited partnership, joint venture, or both.
 - h) Any state or federal income tax returns on or relating to the property for the past two (2) years.
- (3) That the property is not marketable or able to be sold, considered in relation to any listing of the property for sale or rent, price asked, and offers received, if any, within the previous two (2) years, including testimony and relevant documents regarding:
 - a) Any real estate broker or firm engaged to sell or lease the property.
 - b) Reasonableness of the price or rent sought by the applicant.
 - c) Any advertisements placed for the sale or rent of the property.
- (4) The feasibility of alternative uses that can earn a reasonable economic return for the property as considered in relation to the following:
 - a) A report from a licensed engineer or architect with experience in rehabilitation as to the structural soundness of any structures on the property and their suitability for rehabilitation.
 - b) Estimate of the cost of the proposed construction, alteration, demolition, or removal, and an estimate of any additional cost that would be incurred to comply with the recommendation and decision of the commission concerning the appropriateness of proposed alterations.
 - c) Estimated market value of the property in the current condition; after completion of the proposed construction, alteration, demolition, or removal; and, in the case of a proposed demolition, after renovation of the existing property for continued use.
 - d) In the case of a proposed demolition, the testimony of an architect, developer, real estate consultant, appraiser, other real estate professional experienced in rehabilitation as to the economic feasibility of rehabilitation or reuse of the existing structure on the property.
 - e) The infeasibility of new construction around, above or below the existing protected building or site, and the infeasibility of a transfer or development rights, including an assessment of the monetary value that could be derived from such a transfer, pursuant to section 16-28.023 of the Code of Ordinances.
- (5) Economic incentives and/or funding available to the applicant through federal, state, city, or private programs.
- (6) That the applicant has the present intent and the secured financial ability, demonstrated by documentary evidence and by those plans and materials which would otherwise be required in order to secure a foundation permit from the Bureau of Buildings, to replace the Landmark Building or Site with a replacement building, as the term "building" is defined in section 16-29.001 of the Code of Ordinances, which has a total square footage equal to the square footage of the footprint of the building or site proposed to be demolished or moved.
- (7) Provide photographs of the existing conditions of the building, both exterior and interior.

[for greater height of walls or fences in required yards per Section 16-28.008(5)(e)]
(Requires a separate application number and fee.)

Directions: Complete responses must be provided for the questions below. Incomplete applications will not be accepted. If extra space is needed, please attach information and reference attachments for the appropriate question. Applicant, having received a determination that proposed action is at broad variance with the referenced zoning regulations when seeking a Certificate of Appropriateness, hereby requests that the Atlanta Urban Design Commission grant a special exception for (description of special exception):

_____, **the following reasons:**

(1) Such wall or fence is justified by reason of security or privacy and will not unduly prevent passage of light and air to adjoining properties and is not incompatible with the character of the neighborhood.

(2) Such greater height is justified by requirements for security of persons or property in the area;

(3) Such greater height is justified for topographic reasons; or

(4) Such greater height, in the yard or yards involved, is not incompatible with the character of the surrounding neighborhood.

I HEREBY FILE THIS REQUEST FOR A SPECIAL EXCEPTION FROM THE TERMS OF THE ZONING REGULATIONS FOR THE _____ DISTRICT AND OTHER TERMS OF THE ZONING ORDINANCE OF THE CITY OF ATLANTA, WHICH APPLY TO THE PROPERTY IN QUESTION. Application Process for Urban Design Commission-Reviewed Applications

Step One:

Obtain appropriate application materials from the Office of Design (Suite 3350, formerly the Office of Planning) and check the deadline schedule to determine important dates and deadlines for your application.

Step Two:

Submit completed application with original signatures and all required materials by the appropriate deadline per the submission schedule included in this application.

Step Four:

The Atlanta Urban Design Commission meets on the 2nd and 4th Wednesday of every month at 4:00 p.m. in City Council Chambers. The Commission is comprised of 11 city residents, each with a required professional background and appointed by the Mayor and the City Council. Consult the deadline schedule for the hearing date that corresponds to your application deadline.

Step Three:

The Urban Design Commission Staff will distribute copies of the Applicant's application materials to the Commission members for review. The Urban Design Commission Staff will also prepare a Staff Report to review the application for compliance with appropriate ordinances and other regulations specific to your application. Copies of this report are given to Commission members, e-mailed to the Applicant, and made available to the public prior to the meeting.

Step Five:

At the Commission meeting, each Applicant will have ten minutes to present his or her application. Anyone opposing the proposed work will also have ten minutes to make a presentation to the Commission. Commission members may ask questions of the applicant and other parties. The Commission will decide to approve your application, approve your application with conditions, defer your application or deny your application. Applications for the demolition of a building or site may require further procedures.

Step Six:

If approved for a Certificate Appropriateness, the Applicant must bring the final sets of construction drawings to the Office of Design to have them stamped by the Urban Design Commission Staff and to receive a copy of the Certificate of Appropriateness. The Applicant must check with the Office of Buildings at (404) 330-6150 to determine the number of plan copies you will need for permitting, and submit **ALL** of these copies for stamping by the Urban Design Commission Staff. The Applicant will be notified via phone or email when your plans are ready to be picked up and can then proceed to file for a building permit.

If deferred, the Applicant will be required to submit updated plans and information to be considered at the Commission meeting to which the application is deferred.

If denied, the Applicant will be unable to obtain a building permit. You may submit a revised application, taking into account the commission's objections to the proposed work or file an **APPEAL** in the appropriate Superior Court within 30 days on the Commission's decision.

Application Process for Staff-Reviewed Applications

Step One:

Obtain appropriate application materials from the Office of Design. You will need to check with the Office of Buildings at (404) 330-6150 to determine the number of plan copies ultimately required for your permit. You must submit one additional copy for the UDC records.

Step Two:

Submit completed application with original signatures, all required materials, and appropriate number of plan copies to the Office of Design per the submission schedule included in this application.

Step Four:

If approved, your application and plans will be stamped and placed in the Office of Design's lobby (Suite 3350 formerly the Office of planning). You will be notified via email or phone that your plans are ready to be picked up.

Step Three:

The Urban Design Commission Staff will review your application and determine the appropriateness of the proposed project based on the relevant code sections for your District. If additional materials or information is needed you will be contacted by the Urban Design Commission Staff and the review of your application will be placed on hold until the requested items are submitted. These applications are normally reviewed within two (2) business days.

Step Five:

Once you have retrieved your stamped plans from the Office of Design, you may submit your plans for permitting in the Office of Buildings. Please contact the Office of Buildings at (404) 330-6150 for information regarding permit submission.

Neighborhood Contacts

While it is not a requirement of the Applicant to contact the neighborhood representative or meet with the neighborhood association / committee, the Staff of the Urban Design Commission strongly encourages you to do so prior to the submission of the application or at least prior to the Commission meeting. Economic Incentives for Historic Preservation

Landmark Historic Property Tax Abatement Program

The owner of an income-producing building, which is listed in the National or Georgia Register of Historic Places and has been designated by the City of Atlanta as a Landmark Building or a contributing building in a Landmark District, may obtain preferential property tax treatment. The building must be in standard condition. For purposes of tax assessment for City of Atlanta taxes, excluding bonded indebtedness, the fair market value of the building and up to two acres of land surrounding it, is frozen for eight years at the level existing at the time of application and certification. In the ninth year, the fair market value is fixed at one-half the difference between the frozen value and the current fair market value. The application for this tax freeze must be filed with the county tax assessor's office by December 31st of the year before the freeze will go into effect. For further information, contact Doug Young, Atlanta Urban Design Commission, 55 Trinity Avenue, SW, Suite 3350, Atlanta, Georgia 30303-3520 (404-330-6145) or dyoung@atlantaga.gov.

Rehabilitated Historic Property Tax Abatement Program

The owner of a building, which qualifies for listing in the Georgia Register of Historic Places and has undergone a major rehabilitation initiated after January 1, 1989, may obtain preferential property tax treatment. For purposes of tax assessment for City of Atlanta taxes, excluding bonded indebtedness, the fair market value is frozen at the pre-rehabilitation level for a period of eight years. In the ninth year, the fair market value is fixed at one-half the difference between the frozen value and the current fair market value. Qualifying rehabilitations must meet the standards promulgated by the Department of Natural Resources and must have increased the fair market value of the building by not less than 50% for owner-occupied residential real property, or not less than 100% for income-producing real property. The application for this tax freeze must be filed by December 31st of the year before the freeze will go into effect. For further information, contact Ced Dolder, Tax Incentives Coordinator, at the Georgia Department of Natural Resources, Historic Preservation Division, 34 Peachtree Street, NW, Suite 1600, Atlanta, Georgia 30303-2316 (404-651-5567) or ced_dolder@dnr.state.ga.us.

Federal Income Tax Credit Program

If a property is listed in the National Register of Historic Places, the owner or long-term lessee of an income-producing property is entitled to an investment tax credit of up to 20% of the qualified rehabilitation expenses of a substantial rehabilitation performed in accordance with the U.S. Secretary of the Interior's Standards for Rehabilitation. All buildings, sites and districts designated by the City of Atlanta are required to meet the criteria for listing in the National Register of Historic Places. For further information, contact the Georgia Department of Natural Resources at the address, telephone number, and email above.

State Income Tax Credit Program

The owner of a building, which qualifies for listing in the Georgia Register of Historic Places and is planning to start a substantial rehabilitation on or after January 1, 2004, is eligible to apply for the credit. The program provides property owners of historic properties who complete a Department of Natural Resources-approved rehabilitation the opportunity to take 10% of the rehabilitation expenditures as a state income tax credit up to \$5,000. If the home is located in a target area, the credit may be equal to 15% of the rehabilitation expenditures up to \$5,000 and for any other certified structure; the credit may be equal to 20% of rehabilitation expenses up to \$5,000. Department of Natural Resources-approved rehabilitations must meet the standards promulgated by the Department of Natural Resources and must have qualified rehabilitation expenses that exceed the lesser of \$25,000 or 50% of the adjusted basis of a historic home used as a principal residence, \$5,000 for a historic home used as a principal residence in a target area, or the greater of \$5,000 or the adjusted basis of the building for any other certified historic structure. Further, at least 5% of the qualified rehabilitation expenses must be allocated to work completed on the exterior of the structure. For further information, contact the Georgia Department of Natural Resources at the address, telephone number, and email above.

City/County Urban Enterprise Zone Tax Abatement Program

Ad valorem property tax exemptions covering a ten-year period can be obtained by owners of qualifying historic multi-family and non-residential structures located in urban enterprise zone eligible areas. There is no minimum acreage requirement for proposed zones. Tax abatements are also available for commercial, industrial, and mixed-use properties. For housing urban enterprise zones, structures suitable for rehabilitation/renovation must provide a minimum of four multi-family housing units. For further information, contact Garnett Brown, the Urban Enterprise Zone Administrator at the Atlanta Bureau of Planning, 55 Trinity Avenue SW, Suite 3350, Atlanta, Georgia 30303-3520 (404-330-6145) or gbrown@atlantaga.gov.

Development Impact Fee Exemption

The owner of a city-designated Landmark Building or a contributing building in a Landmark District, which will undergo a rehabilitation or conversion, may obtain a 100% exemption from the payment of Development Impact Fees for building permits associated with the rehabilitation/conversion project. Such an exemption must be obtained prior to the issuance of a Building Permit. For further information, contact Mary Miller, Atlanta Bureau of Buildings, 55 Trinity Avenue SW, Suite 3900, Atlanta, Georgia 30303-3520 (404-330-6691) or mamiller@atlantaga.gov.

Façade Easements

A preservation easement is a legally enforceable commitment by a property owner to preserve the facades of a historic structure so that its exterior architectural features remain unchanged in perpetuity. Properties must be National Register-eligible structures. Federal and State income tax deductions can be taken as well as the possibility of other tax advantages related to a property's decrease in value as a result of an easement donation. For further information, contact Easements Atlanta, Inc. c/o the Atlanta Preservation Center, 327 St. Paul Avenue, SE, Atlanta, Georgia 30312 (404-688-3353) or www.preserveatlanta.com.

Transfer of Development Rights (TDR)

See Section 16-28.023 of the Code of Ordinances of the City of Atlanta for information.
