### **HOME Resolution**

#### **Requirements**

Per the requirements of Ordinance 14-O-1614, Affordable Housing Impact Statements shall include a quantitative or numeric section that shall provide numeric estimates of impacts, quantifying numbers of units impacted at certain levels of affordability over the thirty year period following the enactment of the legislation; and a narrative section to provide an explanation of the analyses that led to the estimates.

Where the estimates are derived from existing grant applications or the basis of those estimates are otherwise straightforward, the narrative section shall state as such. Where the proposals being considered require the Office of Housing to draw upon their experience and expertise to come up with a projected impact, the narrative section shall specify what assumptions were used in creating the estimates.

#### **Narrative Section**

The resolution would authorize the Mayor to enter into a contract with the Center for Working Families with funds provided by the US Department of Housing and Urban Development (HUD) through its HOME Investments Partnership Program (HOME). The project would repair owner-occupied units in accordance with the rules of the HOME program. The project will help to preserve affordable housing, but it will not increase or decrease the number of housing units at any level of affordability.
