AUDIT FINDINGS

Narrative:

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The PREA audit of the Atlanta City Detention Center was conducted on July 30, 2018 - August 01, 2018. The PREA Coordinator, the Compliance Manager, and the auditor commenced audit preparation approximately six weeks prior to the audit. This audit preparation consisted of: delivering signage and auditor contact information to be posted in the facility and clarification of questions related to the pre-audit questionnaire and the online auditing system. The on-site portion of the audit consisted of a facility tour, documentation review, and observation of operational procedures; including video review, as well as inmate and staff interviews. The on-site portion of the audit of the Atlanta City Detention Center took place on the dates of July 30, 2018 through August 01, 2018. The audit team consisted of three certified PREA auditors. An entrance conference was held with the administrative team on the morning of July 30, 2018. During the on-site portion of the audit and after its completion, additional information was requested by the Auditor and provided by the PREA coordinator. During the tour, staff members were observed performing their daily routine and providing supervision of inmates during various activities; including the intake process, sick calls, meals service and recreation. During the course of the on-site portion of the audit 40 randomly selected and specialized staff as well as 19 inmates was interviewed. Live and recorded footage of the surveillance cameras was viewed by the auditor. The responses of staff and inmates during their interviews confirmed that all had received PREA training and were knowledgeable related to the federal requirements. Staff members were interviewed from all shifts. A random sampling of inmate files was reviewed. A random sampling of other facility documentation was reviewed. This sampling included, but was not limited to: logs, shift reports, incident reports, policies and procedures, training records/logs and training curriculum.

AUDIT FINDINGS

Facility Characteristics:

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The Atlanta City Department of Corrections is located in the downtown area of Atlanta, Georgia. The agency consists of one facility which houses inmates charged as adults with various security levels including: low, medium, and high. Although the rated capacity of the facility is 1314, the operating capacity is 1183. The average population on the dates of the audit was 342. The Department operates by utilizing direct supervision of inmates which means an officer is always on the housing unit with the inmate population and is always present during inmate movement throughout the facility. The population is made up of male, females, transgender and youthful offenders. The inmate population is comprised of pre-trial detainees, inmates convicted of misdemeanors serving up to one year, and federal detainees. The facility is an eight story building with 22 housing units.

The facility was exceptionally clean and very well maintained. Housing units were bright and appropriately furnished to support inmate programming and leisure.

Programming and recreation areas are accessible to each housing unit. Visitation areas that support the inmates' right to confidential meetings are also located on the housing units. There is 24 hour medical care provided by the facility. The jail supplements supervision of inmates with an extensive array of surveillance and video monitoring. This array includes hundreds of video cameras; some of which are motion activated and some include audio capabilities; body worn cameras are worn by every security staff on shift; vehicle transport cameras have been added to increase safety during transport. The surveillance and video monitoring capacity provide additional sight and sound supervision that heighten monitoring and provide for an additional level of administrative oversight. The surveillance cameras are monitored on all three shifts. Five vans used for inmate transportation are equipped with cameras that are activated when the vehicle's ignition is engaged. The cameras operate in a continuous recording mode until ten – fifteen minutes after the ignition is off.

To improve their quality of life, inmates are afforded various programming opportunities and may take advantage of numerous social, educational, and support programs, including but not limited to: religious services, library services, re-entry, life skills, health and wellness, GED, and drug and alcohol addiction. For those who have demonstrated responsibility, exhibited good behavior, and program completion the facility operates a work program that allows inmates to work within and outside of the facility on various work assignments. Inmates are afforded access to non-contact visitation as well as visits with attorneys and approved visits with clergy.

115.11	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Atlanta City Department of Corrections has a written policy (400-13) that mandates zero tolerance of all forms of sexual abuse and sexual harassment. The agency employs an upper level staff person as the PREA Coordinator who reports directly to the Chief. The agency also employs a Compliance Manager. Policy 400-13 provides the required PREA definitions and outlines the agency's approach to implementing PREA standards as well as the guidelines and procedures for implementing the agency's approach to preventing, detecting and responding to sexual abuse and sexual harassment. It also addresses Conduct and Performance, contains prohibited behaviors for staff, and includes sanctions for employees and inmates who have participated in the prohibited behaviors.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • City of Atlanta Department of Corrections Policy 400-13 • Observations made by the auditor during the on-site portion of the audit • City of Atlanta Department of Corrections Pre-Audit Questionnaire • City of Atlanta Department of Corrections Organizational Chart • City of Atlanta Department of Corrections job description for PREA Coordinator • Interviews with PREA Coordinator.

115.12	Contracting with other entities for the confinement of inmates
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The City of Atlanta Department of Corrections not entered into or renewed a contract for the confinement of inmates since August 20, 2012 and does not contract with other agencies for the confinement of inmates.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • City of Atlanta Department of Corrections Pre-Audit Questionnaire • Interview with PREA Coordinator.

115.13	Supervision and monitoring
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>A review of the agency staffing plan indicates the agency has adequate resources to meet its needs. The Deputy Chief reviewed and approved the staffing plan. The review included facility physical layout, an assessment of the video monitoring system, telephone access, radio access, composition of the inmate population , and staffing levels. The facility never operates below the mandatory staffing level. Policy 400-13 supports compliance with this standard. In addition to the 210 surveillance cameras; some of which provide both sight and sound supervision with pan, tilt, and zoom abilities; the facility deploys body cameras as an additional monitoring and supervision measure. Interviews with staff and inmates indicate that unannounced rounds are regularly conducted. Documentation of unannounced rounds that cover all shifts was reviewed; both the documentation review and a review of video confirmed the practice.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> •City of Atlanta Department of Corrections Policy 400 - 13.01 •City of Atlanta Department of Corrections Annual Staffing Plan • City of Atlanta Department of Corrections Pre-Audit Questionnaire •Review of Unannounced rounds documentation •Review of Video Files of Unannounced Rounds • Interviews with PREA Coordinator • Interviews with staff.

115.14	Youthful inmates
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>Policy 400-13.01 addresses this standard. While there were no inmates under the age of 18 in the facility at the time of the audit a review of documentation and staff interviews indicated a facility with policies, procedures and preparedness to ensure the highest standards of safety for the most vulnerable population. The facility prohibits the placement of youthful inmates in a housing unit in which a youthful inmate will have sight, sound, or physical proximity to any adult inmate through use of a shared day room or other common space, shower area, or sleeping quarters. Housing units to which youthful inmates are assigned provide the sight and sound separation required by the standard. The facility used nine housing units during the past twelve months to comply with this standard. In the event alternative housing is not available the facility has a housing unit policy that ensures compliance with the standard outlining the supervision of the youthful offender. The Department uses its Jail Management System to immediately notify key staff; specifically, the Shift Commander on duty and the PREA Coordinator, when a youthful inmate is booked into the facility. This notification system assists in the monitoring of youthful inmates by creating a digital tracking system of their movements that ensures youthful inmates are kept separate from adult inmates as required by the standard. This additional monitoring mechanism establishes checks and balances that substantially exceed the requirement of the standard.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> •City of Atlanta Department of Corrections PREA Policy - 400-13.01 •City of Atlanta Department of Corrections Memorandum Youthful Offenders •City of Atlanta Department of Corrections Pre-Audit Questionnaire • Interview with residents and staff • Interview with PREA Coordinator • Observations of Auditor during the on-site portion of the Audit

115.15	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>The City of Atlanta Department of Corrections demonstrated compliance with this standard by policy, training and departmental protocol. All staff interviewed reported that they had received cross-gender pat search training as required and that understood the requirement of searching transgender and intersex inmates in a professional and respectful manner consistent with security needs. Further, the City of Atlanta Department of Corrections has designated a supervisory staff (a SGT) to the role of LGBTI liaison. This Sgt works to ensure that the facility maintains the highest level of the PREA standards related to ensuring the safety of the LGBTI population through staff and inmate training, policy implementation, and consistency in practice/protocols. The addition of the role of this liaison demonstrates an increased commitment to ensuring the vulnerabilities and risks usually associated with the LGBTI population are minimized at this facility. This liaison was recognized by the City for her work specific to PREA and safety of the inmates at the facility. Interviews of staff and inmates indicate that inmates are allowed to shower, dress, and use the toilet privately and without being viewed by staff of the opposite gender. Staff announce their presence verbally when entering housing units that house inmates of the opposite gender. These announcements were observed by the auditor during the tour of the facility and confirmed by staff and inmates when interviewed. Staff reported an awareness of the prohibition of searching transgender or intersex inmates to determine genital status. PREA posters were clearly posted throughout the facility and on each housing unit. Posters were in English and Spanish. The inmate orientation video is also provided in English and Spanish. Inmates requiring interpreter services are afforded such through a contracted vendor.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> •City of Atlanta Department of Corrections Policy 400-13 • Training sign in sheets and curriculum •City of Atlanta Department of Corrections Pre-Audit Questionnaire • Interview with residents and staff • Interview with PREA Coordinator • Observations of Auditor during the on-site portion of the Audit

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The City of Atlanta Department of Corrections takes appropriate steps to ensure inmates with disabilities and inmates with limited English proficiency have an opportunity to participate in and benefit from the agency’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment. PREA posters were clearly posted throughout the facility and on each housing unit. Posters were in English and Spanish. The inmate orientation video is also in English and Spanish. Inmates requiring interpreting services are afforded such through a contracted vendor. PREA handouts, postings and inmate handbooks are available in English and Spanish. The facility has access to the contracted vendor to assist during orientation of inmates. The facility also employs staffs who are certified bi-lingual and assist in the communication and education of the inmate population during the intake and training process. Staffs interviewed were all aware that under no circumstances are inmate interpreters or assistants to be used in dealing with any PREA related matter.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> •City of Atlanta Department of Corrections PREA Policy •City of Atlanta Department of Corrections Pre-Audit Questionnaire •City of Atlanta Department of Corrections interviews with residents and staff • Interview with PREA Coordinator • Observations of Auditor during the on-site portion of the Audit • Review of Various forms and documents translated into Spanish

115.17	Hiring and promotion decisions
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

Background checks are conducted by designated Department staff assigned to the Office of Professional Standards. Interviews confirmed that all components of this standard have been met. All employees, contractors, and volunteers have had background checks completed. All applicants are required to disclose misconduct prior to selection for hiring and current employees must disclose prior to promotion. Background checks are required before approving a promotion. 	<p>The facility has an extensive video and visual monitoring system in place. There have been substantial expansions or updates to the surveillance and monitoring systems in the facility. Mirrors have been installed to remove various blind spots throughout the facility. The agency made strategic steps to ensure all updates increased the agency’s ability to protect inmates from sexual abuse. The improvements to the surveillance and monitoring systems include, motion activated cameras, cameras which have audio monitoring and recording capabilities as well as body worn cameras on all security staff and cameras in all of the transport vehicles. The whole system is used to enhance monitoring of inmates and to prevent, and detect sexual abuse and sexual harassment. These efforts strengthen the facility’s ability to protect inmates and ensure a safe environment for all.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • City of Atlanta Department of Corrections Pre-Audit Questionnaire • Observations of the Auditor during the on-site Tour • Observations of the Auditor during video review • Interviews with Staff • Interview with PREA Coordinator • Interview with the Chief • Review of documented upgrades

	<p>The City of Atlanta Department of Corrections partners with Grady Memorial Hospital and the Atlanta Police Department to ensure full compliance with all aspects of this standard. Policy 400-13.02 addresses specific protocols for standards compliance. During the interviews staff reported knowledge of the procedures to obtain usable physical evidence if sexual abuse is alleged. Each staff in the facility wears a badge outlining the duties of the first responders. Inmates requiring forensic exams are transported to Grady Memorial . No forensic exams were conducted within the last year. If an inmate requires medical or support services the inmate will not be charged. The City of Atlanta Department of Corrections has in place a Memorandum of Understanding with a Grady Rape Crisis Center to provide outside confidential support services related to sexual abuse and harassment as well as victim advocacy services.</p> <p>During the on-site portion of the visit, the auditor made contact with Grady Rape Crisis Center to confirm the Memorandum of Understanding. 115.22	Policies to ensure referrals of allegations for investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Policy 400-13.05 addresses compliance with this standard by ensuring all sexual abuse and sexual harassment allegations are immediately documented and investigated. All criminal investigations are handled by the Atlanta Police Department. All investigations are initiated immediately upon referral. During the past twelve months 11 allegations of sexual abuse and sexual harassment were received and they all resulted in administrative investigations. During the past twelve months no allegation was referred for criminal investigation. 	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Policy 400-13.03 addresses this standard. The agency provided documentation that demonstrated compliance. Staff must sign verifying they understand the training received. Staff interviews confirmed that they have a clear understanding of the zero tolerance policy and their roles in the preventing, detecting, reporting and responding to a sexual assault or sexual harassment incident and the dynamics of sexual abuse and harassment in a confinement setting. The agency contracted for specialized training by Department of Justice Certified PREA auditors to deliver PREA training to all employees, volunteers and contractors who have contact with inmates. Further ongoing training efforts include electronic and online training platforms for staff, including testing and evaluation of their knowledge on the PREA standards, implementation of protocols and Department policies. Thus, all training and its efficacy delivered through this platform is documented and tracked digitally. Supervisors and the Training and PREA Coordinators can electronically monitor, even daily if needed, the status of staff training as well as compliance with this standard. A total of ## (#) random training files reviewed. All ## (#) training files reflected that the staff received the appropriate training. Of these # (#) random files those requiring refresher training had received training yearly.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • Policy 400-13.03 • Atlanta City Detention Center PREA Training Module •Atlanta City Detention Center Pre-Audit Questionnaire • Auditor review of Training Files • Auditor review of Training Curriculum • Interviews with staff • Interview with PREA Coordinator

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Compliance with this standard is addressed in policies 400-13.01 and 400-13.03. Inmates receive PREA information during the intake process. During the past twelve months 1,012 inmates received comprehensive education on their rights to be free from both sexual abuse/harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents within 30 days of intake. The facility maintains a list of bi lingual personnel to assist in the appropriate delivery of information to inmates. The Department contracts with a vendor for outside interpreting services for inmates who are not proficient in English. These services are available 24 hours a day, seven days a week; the availability of these services provide for proper delivery of information to inmates who may not be English proficient. In addition to the initial information inmates receive at intake, inmates watch a video which provides relevant information. Signs and Posters are clearly exhibited throughout the facility which relay zero tolerance, hotline and crisis/advocacy information. Interviews of the inmates confirmed that they had received the information at intake and watched the PREA video. Additionally inmates confirmed their understanding of their rights to be free from sexual harassment and abuse as well as their right to be free from retaliation for reporting incidents of sexual harassment and abuse. Various staff interviews also supported compliance with this standard.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • Atlanta City Detention Center Policy 400-13.01 and 400-13.03 •The Pre-Audit Questionnaire • Auditor review of inmate education materials • Auditor review of inmates files • Interviews with Staff • Interviews with Inmates • Interviews with PREA Coordinator.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The City of Atlanta Department of Corrections Policies 400-13.04 and 400-13.06 outline that all inmates are assessed during intake and receive a vulnerability assessment/screening. The assessment screens for risks associated with being vulnerable to victimization and it screens for an inmate's risk of being sexually abusive towards other inmates. Policy requires this assessment to be completed within eight hours of admittance to the facility. Policy also outlines guidelines for reassessment of inmates for risk. One inmates required reassessment during the past 12 months. The intake process was reviewed and observed by the auditor. The intake process was in keeping with the PREA standards. The screening tool included questions regarding disabilities and whether or not the inmate disclosed their sexual orientation/gender identity. The tool also asked whether inmates had previously experienced sexual victimization. The perception of the inmate regarding his or her vulnerability was also considered. The screening and intake process was very organized and expertly managed. Information gathered from the intake process was maintained confidentially and only disclosed to those staff with a need to know basis.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • City of Atlanta Department of Corrections Policy 400-13.04 • City of Atlanta Department of Corrections Policy 400-13.06 • City of Atlanta Department of Corrections Pre-Audit Questionnaire • Review of Inmate Screenings Tool • Review of completed Inmate Screenings • Observations made during the on-site portion of the audit • Auditor Interviews with Staff • Auditor Interviews with Residents • Auditor Interviews with PREA Coordinator

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The City of Atlanta Department of Corrections Policy 400-13.06 addresses the requirements of this standard. A review of the risk screening form indicated the facility uses the information from each screening tool to determine housing, cell, education, work, and program assignments for the inmates. The facility's goal is to keep inmates at high risk of being sexually victimized separate from those who are at a high risk of being sexually abusive. Accurate assessment and classification or assignment of each inmate is critical in supporting the zero tolerance policy and ensuring the safety of all inmates. Guidelines on housing and program assignments and for the management of transgender and intersex inmates are outlined in this policy and are in keeping with the expectations of the standard. Inmate interviews supported the policy guidelines and confirmed practices are in compliance with the standards. All housing and program assignments are made on a case by case basis. Interviews with staff and inmates confirmed compliance with the facility's policy and this standard.</p> <p>Evidence relied upon to make auditor determination:</p> <ul style="list-style-type: none"> • City of Atlanta Department of Corrections Policy 400-1306 • City of Atlanta Department of Corrections Pre-Audit Questionnaire • Review of Assessment documentation • Interviews with PREA Coordinator • Interviews with Staff • Interviews with Inmates • Auditor observation • Review of facility schematics
