

2020 SDMD PERMIT APPLICATION PROCESS AND REGULATION ADDENDUMS

Addendum 1.

The City is revising section IV-b of the Administrative Regulations and the application scoring rubric as shown below:

- Administrative Regulations: "Wheel size. Wheels shall be no less than ~~40~~ 9 inches in diameter.
- Scoring Rubric: Criteria - Qualification - Devices must meet the following standards: 1. Device wheel size is ~~40~~ 9 inches or larger in diameter.

Addendum 2.

As of 4/20/20 at 7:00PM, the City is extending the deadline to submit an application for Shareable Dockless Mobility Device Annual Permits until Monday April 27th at 11:59PM.

Awarded permits will now be announced May 8th. Annual Permits will be valid starting June 1. All permitted operators will still be required to launch a minimum of 350 of each permitted device type within 30 days of receiving a valid permit.

Addendum 3.

As of 4/22/20 at 4:19PM: Due to complications with the Google Form submission, applicants may submit their application responses via this [linked Word Document](#). Each question response must still be limited to 2,000 characters each (with spaces counted as characters). Any answer longer than 2,000 characters may not be scored as part of the application. **Please submit this main application in .docx or .doc form.**

PDF attachments limited to 30 pages providing additional documentation will still be accepted.

Both documents must be emailed directly to mobility@atlantaga.gov by 11:59PM Monday April 27, 2020.
