## Overall Progress Narrative:

During the reporting period, the following supporting efforts to implement the NSP program occurred:

### Administration

- The Office of Housing entered into contractual agreements with five (5) vendors to provide additional Residential Appraisal Services. The Office of Housing now has seven (7) FHA Appraisers on our approved Appraiser List for NSP.

### Program Developments

- City Council approved an Amendment to the NSP Action Plan to shift funds between activities. This reallocation of funds will ensure timely obligation of NSP funds by ensuring each Developer has the resources needed to be successful. Additional funding was made available to the Fulton County/City of Atlanta Land Bank Authority to purchase properties on behalf of the Developers. This change was necessary due to the return of program funds by two developers.
- During the reporting period, NSP recipients were successful in acquiring twenty-eight (28) additional properties. Twelve (12) units completed rehabilitation during the reporting period and fourteen (14) units were under construction at the end of the reporting period.

### Developer Training

- The Office of Housing, in conjunction with House to Home, presented a workshop entitled How to Market Your Property Effectively and Create a Pipeline of Buyers. This March workshop included several presenters and discussed various topics such as Preparing Your Home for Sale, Comparing Market Analysis and Pricing, and usage of FMLS, to name a few.
- In April, the Office of Housing and the House to Home Consortium presented a seminar entitled What to expect

during the Home Buying Process and How to Layer Multiple Down Payment Assistance Programs. The workshop focused on helping the NSP Developers understand the RESPA guidelines and changes. Several down payment assistant providers presented on opportunities that are available to NSP buyers.

- Several NSP Developers attended an Atlanta SHOCASE briefing sponsored by APD Solutions during the month of May. The event will allow potential homebuyers only to purchase homes through an auction type setting. Two NSP Developers will feature their NSP homes in the event, which has been rescheduled for August.

**Activity Description:**

To acquire, rehabilitate, and rent foreclosed and vacant single family homes for households at or below 50% of the AMI.

**Location Description:**

Areas of greatest need in the City of Atlanta.

**Activity Progress Narrative:**

Pohl Real Estate is rehabilitating two (2) properties (970 Beckwith Street and 154 Milton Street) during this reporting period. Rehabilitation of all other properties previously acquired is expected to begin in the next reporting period once all pre-development work has been completed including contractor selection, Section 106 reviews and lead-based paint risk assessments.

- 970 Beckwith Street - Rehabilitation began in March and is expected to be complete during the next reporting period.
- 154 Milton Street - Rehabilitation began in May and is expected to be completed during the next reporting period.

During the previous reporting period, 970 Beckwith Street was entered as an Activity Location and Performance Measure, however, no National Objective was met during that period. As this property meet the National Objective, the City of Atlanta will report this property in the narrative.
