# Anticipated Impacts

- **Sidewalk installation and grading slopes to existing ground will result in some tree removal and tree replacement**
- **Minor right-of-way acquisition may be required at the NE corner of Collier Dr NW and Linkwood Rd to improve turning radius and maintain new sidewalk**
- **Easement is required for the construction of slopes**
  - Ranges from 5' to 25' beyond the existing property line for grading and vegetation (or roughly 20' to 40' beyond the existing edge of pavement)
  - If there are impacts to your property, you will be notified as to the nature of those impacts.

# Next Steps

- **1<sup>st</sup> Submission Utilities (Anticipated May 2026)**
- **30% Preliminary Design Completion (Anticipated July 2026)**
